..we're different because we care

June 2016

Welcome to ALC Health

...we're different because we care

You are our first priority. We know that wherever you are living or working you have unique demands and peace of mind about your healthcare is one of them.

Our wide range of insurance plans reflects the diversity of our members, with flexible, comprehensive and value-added options that mean you're able to choose the level of cover which best meets your needs.

- ✔ We cover chronic conditions, cancer, complementary medicine, HIV/AIDS treatment, optical, vaccination, wellness and preventative tests.
- ✔ We offer competitive premiums with a range of excess options, payment plans and currencies.
- ✔ We guarantee continuation of cover for members leaving a group scheme.
- ✔ We pride ourselves on our clear and helpful customer service and 24/7 international medical helpline.
- ✔ We send you an ALC Health membership pack with all the information you need.
- ✔ We offer a comprehensive quotation and buy online service.
- ✔ No age limits and we offer lifetime renewals.

ALC Health member benefits

ALC World

You'll have free access to our extensive online centre, giving you the very latest information on the best medical facilities near you and around the world. You'll find information on:

- **Doctors and hospitals** – search and find physicians and facilities near where you live and work
- **Destination profiles** – details and information of clinics and hospitals in nearly 1,500 cities
- **Security profiles** – detailed descriptions of security conditions for hundreds of major destinations
- **Medical translations** – country-specific brand names and generic equivalents for over 350 medications
- **Medical terms and phrases** – online translations to help you find and understand unfamiliar instructions
- **News and alerts** – important health and security updates from around the world, also available by email and text
- **Travel health centre** – helpful information when you travel and work away from home

The Blood Care Foundation

We've partnered with The Blood Care Foundation – a not for profit organisation registered in the United Kingdom. Through its Blood Care Programme, it provides screened blood in an emergency wherever you are in the world.

With a global network of blood banks, The Foundation can provide blood within 12-18 hours, and is couriered by anaesthetists or paramedics who are trained in cardiopulmonary resuscitation and blood transfer. Membership of The Blood Care Foundation is free with ALC Health.

Other benefits

- **24/7 Medical Helpline** – for claims information, emergency assistance and advice on treatment
- **Innocent Bystander** – treatment of conditions or injuries received as an innocent bystander during acts of hostility, unless you're taking part in any illegal activity
- **Personalised** membership cards and keyfobs
- **Children** covered up to the age of 25 years

Top-up Policies

If you are using the claims under another insurance policy to cover the excess under your ALC Health plan, you must provide evidence of the medical condition together with paid invoices. Please note, only medical conditions under our policy Terms and Conditions are eligible. Payment cannot be made for the same invoice under both policies.

Chronic conditions

A chronic condition is a disease, illness or injury that:

- continues indefinitely and has no known cure
- comes back or is likely to come back
- is permanent
- requires rehabilitation or for you to be specially trained to cope with it, or
- needs long term monitoring, consultations, check-ups, examinations or tests.

Depending on the level of cover you choose, we offer benefits for acute, palliative and routine treatment.

With your permission, we'll contact your specialist for confirmation of the diagnosis of your condition, details of treatment and the future prognosis.

The treatment you receive should aim to return you to the state of health you were in before suffering the condition, or a full recovery. This includes short-term medical intervention to treat unexpected complications or acute exacerbations of a chronic condition.

If you have been receiving ongoing or routine treatment to keep your symptoms in check, we will review your treatment to assess whether it remains eligible for benefit.

Depending on your plan, there may be limits to the amount of benefit available to you – please contact us if you're unsure and we'll be happy to discuss what's covered.

What if your condition gets worse?

We'll pay for the treatment of acute exacerbations or flare-ups to bring the condition back to its controlled state as quickly as possible.

As some chronic conditions are ongoing, we'll write to tell you when there is no further benefit available for treatment of the illness.

You'll find full details about our cover in your Policy Wording or online at www.alchealth.com

Cancer treatment

Unlike other insurers, we don't class cancer as a chronic condition – we recognise that you need specific treatment and care and have tailored our 'Oncology' benefits within our plans to reflect this.

Cancer treatment is paid in full up to the overall maximum sum insured under each plan. If your cancer is no longer curable and you receive palliative treatment, we would continue to cover you in full, as well as any hospice costs, if applicable.

Hospice care

If your plan covers you for palliative treatment and you're admitted to a hospice for end of life care, this would be paid up to the limits in your Policy Wording.

Kidney dialysis

Under our Chronic Conditions cover, an acute episode of kidney dialysis would be paid in full up to the overall maximum sum insured under each plan. If dialysis occurs as 'routine management of a chronic condition' we would also cover up to the benefit limits of our *Prima Platinum* and *Prima Premier* plans.

Our plans

Our comprehensive range of flexible international plans let you choose more of what you want and less of what you don't.

Prima **Platinum**

A benefit rich plan with an extensive range of medical treatments with the option of five levels of routine pregnancy and childbirth care, routine and restorative dental treatment and evacuation or repatriation covers.

Prima **Premier**

Our traditional comprehensive plan combining in-patient and day-patient treatment with the option to add out-patient treatment, routine pregnancy and childbirth care, dental treatment and evacuation or repatriation services.

Prima **Classic**

An everyday international insurance plan covering the essential costs of in-patient, day-patient and out-patient treatment with the option to add routine pregnancy and childbirth care, routine dental treatment and evacuation or repatriation services.

Prima **Concept**

Our lowest cost plan designed to cover private medical insurance at an affordable price by offering essential private medical treatment with the option to include evacuation or repatriation cover.

Area 3 – Worldwide (not available to Prima Concept)

Policy excess

By opting for an excess on your policy, you can reduce your premiums by between 6% and 51%.

The excess is per person per policy period and once the excess amount has been reached, you're covered right up to the policy limits of your plan regardless of the number of medical conditions involved.

The excess only applies to in/day-patient and out-patient treatment. It doesn't apply to Vaccinations, Optical and Well-being or optional benefits for Routine pregnancy and childbirth, Dental treatment and Evacuation or Repatriation.

GB (£)	Euro (€)	US (\$)	Discount
£50	€60	US\$75	-6%
£150	€180	US\$225	-12%
£300	€360	US\$450	-21%
£500	€600	US\$750	-30%
£1,000	€1,200	US\$1,500	-39%
£2,500	€3,000	US\$3,750	-43%
£5,000	€6,000	US\$7,500	-47%
£7,500	€9,000	US\$11,250	-51%

The saving on premium may be considerably more than the value of the policy excess.

Unlike some Insurers, we allow you to change your policy excess level without asking any medical questions.

Making a claim

Our award winning claims service maintains medically backed 24/7 and 365 capability via centres in the UK, New Zealand and Singapore and together with our unique, benefit rich plans, provides an industry leading solution.

We've made the process of making a claim as simple as possible – you can forward your claim online, by email, phone, fax or post 24 hours a day...

ALC Health Claims Centre

Our Claims Centre allows you to pre-authorise your treatment, upload claim forms and receipts for treatment you've already paid for.

If you need to go into hospital

Please contact us before you start any hospital treatment to confirm that you're covered for the care you'll be receiving. You can do this online or by calling our 24 hour claims centre. We'll then arrange to pay for your treatment and accommodation charges directly so you won't have to pay these costs.

Receiving treatment from a doctor or specialist

After your appointment, log in to the ALC Health Claims Centre and forward us a copy of any invoices you've received. Or, you can send a completed claim form with your treatment invoices to us by email, fax or post.

For more information, or to download our **Step-by-Step Guide to Making a Claim** go to www.alchealth.com/claims.htm

Evacuation or Repatriation

Whilst high quality healthcare is often available where you may be living or working, should you be in a place where the in-patient treatment you urgently require is not available, our Emergency Medical Evacuation cover will take you to the nearest Centre of Medical Excellence.

You can be evacuated to the nearest suitable hospital or repatriated to your home country (within your area of cover) so that you can be treated in familiar surroundings near your family. Our team of highly experienced specialists will make sure all the arrangements are made, no matter where you are or when you need to be evacuated.

With one call to our 24/7 emergency centre, we'll coordinate the care that you need and arrange evacuations or transport to the place best equipped to look after your medical treatment, whilst always remembering that our main priority is, of course, to ensure your safety and wellbeing.

Out-patient Direct Settlement

We can offer Out-patient Direct Settlement in certain countries. Please contact us for more details.

Claims Helpline Numbers - Local or Freephone

We have a number of countries where you can call on either a Local or Freephone number including Germany, Gibraltar, Hong Kong, Malta, Portugal, Singapore, Spain and USA.

The numbers will be on the back of your membership card.

Underwriting

Our Prima Concept, Classic, Premier and Platinum plans are available to individuals and companies (with 4 or more employees) and provide a range of international health insurance underwriting, cover and benefits.

When you apply for cover with us, we'll ask for some basic information that will enable us to assess the appropriate annual premium for the plan you've chosen and the underwriting terms that'll be applied to your policy.

Moratorium (MORI)

With this option, we do not cover treatment of any medical condition (or specified related condition) that existed during the five years before your policy began.

This applies not only to conditions with a firm diagnosis but also to treatment of any medical condition for which you had symptoms, even if no diagnosis was made. All that matters is that you know, or ought reasonably to have known, that something was wrong even if you hadn't consulted a doctor.

- If you need treatment for conditions which were not covered in the first two years of your policy, you'll be able to claim after that two year period has elapsed. This will not apply if you've had any medical treatment or medical advice, taken any drugs or medicine, or followed any special diets in respect of the pre-existing medical condition for the two consecutive years immediately before the need for treatment starts.
- If you've had treatment for the pre-existing condition within the two year period, then you won't be able to make a claim until you've gone for a period of two consecutive years without any treatment, advice, help or drugs.
- There are some continuous or recurring medical conditions that you'll never be able to make a claim for. This is because you'll always need to have medical advice or take medication, and so preventing you from being able to go for two consecutive years without advice or medication.
- Additionally, there are some medical conditions that may be permanently excluded from cover.

Continuation of Personal Medical Exclusions (CPME)

Individuals and companies can join ALC Health from a fully underwritten or moratorium policy with another insurer. If you join on the basis of 'continuation of medical exclusions', we'll transfer any previous underwriting terms for medical conditions to your new policy.

It's important to remember that this relates only to the specific underwriting terms. Your policy will be subject to our general terms including the exclusions and benefit limitations, which you'll find in the Policy Wording.

Continuation of medical exclusions only applies at the point when you switch to ALC Health and subsequent new joiners must be underwritten. If, as a company, you have selected 'medical history disregarded' underwriting with your current provider and would like to continue this with ALC Health, you should consider our 'medical history disregarded' option.

Full Medical Underwriting

A completed Full Medical Underwriting Application Form is required where details of your medical history are provided. We will then advise you if we wish to exclude any of your previous or ongoing medical conditions and, if so, these will be shown on your Certificate of Insurance. Please note that these are personal exclusions and your policy will also be subject to our general terms and conditions. This option is available to individuals or groups and required for anyone joining us over the age of 74.

Medical History Disregarded (MHD)

This option – the most expensive and only available to companies of more than 10 employees – allows members to be enrolled without any exclusions relating to their previous medical history (subject to our policy Terms and Conditions).

What happens next?

When you choose ALC Health, you can be sure that when you need our help, we'll be with you 24 hours, day or night.

For you and your family

Our range of international medical insurance plans gives you the flexibility to choose the cover that matches your requirements and budget.

Just choose your plan and any optional benefits, decide on your policy excess, then select your area of cover and payment frequency. Once we have your details we'll get in touch to confirm your cover and let you know what happens next.

You can also obtain a quote or buy online from our website or complete an application form and send it to us. The choice is yours.

For your company

Enrolling your colleagues onto your group medical plan is simple. Once we receive your Corporate Application Form and basic details of who's to be covered, we'll start processing your scheme – without the need for individual applications.

When a new employee joins

Simply let us know their start date, along with their date of birth, country of nationality and residency and we'll prepare a new set of documents.

When an employee leaves

Email us their name, customer number and contact details and we'll do the rest. We are able to offer continuous cover for anyone leaving a Group plan.

Our 14 day money back guarantee

We're sure you'll be happy with your new Prima Healthcare plan, but if you change your mind, don't worry.

You can cancel your plan within 14 days from the start date of your policy, without any costs or charges. As long as you've not already made a claim, we'll return your premium in full.

Need help?

We're here to help – whether you're unsure which cover you need or want to check what options are available to you, we're ready to guide you through the process.
